DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I, claims 1-14 in the reply filed on 09 February 2007 is acknowledged. Claims 15-21 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 1, 4, 6-8 and 11 are rejected under 35 U.S.C. 102(e) as being anticipated by Jones et al '266 (fig. 12 or 20 emb). Jones et al '266 discloses a bulk materials container including inner and outer corrugated sidewall layers and an outer multi-layered polymer film or bag wrapped around the outside of the sidewall layers. The top-to-bottom compression strength of the sidewalls is considered to be 4 to 5 times the combined weight of additional containers which may be placed above the container in a stacked configuration insofar as claimed.

Allowable Subject Matter

4. Claims 2, 3, 5, 9, 10, 12 and 13 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

5. Claim 14 is allowed.
